## NANCIAL AND COMMERCIAL

This has been a day of great excitement on the Stock Exchange, the leading feature of which has been the cornering movement in Prairie du Chien. The market pened firm at the early session of the open board, and low York Central closed at 101% on the call, Eric 93%, ludson 103%, Reading 116%, Michigan Southern 73, Rock sland 107%, Cleveland and Pittsburg 84%, Northwest-Sana 101/2, teresana ern 3236, preferred 65%. Fort Wayne 104%, Prairie du Chien 120, Terre Haute and Alton 50, Toledo and Wabash 50, Ohio and Mississippi certificates 30%, Canton 14, Cumberland 44%. At the first regular board there ady demand for stocks over the entire list, and filwankee and Prairie du Chien closed one hundred and Milwaukee and Prairie du Chien closed one handred and thirty per cent higher than at the opening of the first board on Saturday—the largest rise in any stock ever experienced between two morning boards. New York Central closed % higher than at the same time on Saturday, Eric 1%, Hudson River 1%, Reading 1%, Michigan Southern 2%, Cleveland and Pritisburg 7%, Northwestern 2%, preferred 11%, Alton and Terre Haute 2%, Rock Island ½, Fort Wayne 2%, Chie and Michigan Southern 2%, Toledo and Wabash bio and Mississippi certificates 214, Toledo and Wabash Canton 314, Cumberland 134. Atlantic Mail was 1 per ent lower. Government securities were quiet but firm

Coupon five-twenties advanced 36.

At the open board at one o'clock Cleveland and Pitts burg was strong at 90 a 16, but the remainder of the list was steady. The rise in this stock seemed to be owing mainly to the "akorts" covering under fear of its being ered after the manner of Prairie du Chien, the aggrete number of shares outstanding being only \$5,263,625. he favorable statement of the associated banks, bowing an increase of \$1,351,692 in legal tenders, \$6,057 in deposits, \$315,650 in circulation, and \$159,imparted fresh strength to the speculation At the second board, however, the market en. Prairie du Chien closed 55 per cent lower River M. Reading M. Northwestern preferred M. Rock Island M. Fort Wayne M. Alton and Terre Haute 1, Cumberland M. Canton 1. sidered by some as a canard, a Cunard or a Kennard. It was at the same time maintained that the acceptance of uch a proposal by the Great Western Company would onsistent with the reported arrangement with

the Morris and Essex Company.

Afterwards, on the street, the market closed buoyant,
New York Central selling at twenty minutes past five P. M. at 10116, Eric 9576, Michigan Southern 78, Cleveland

M. at 10134. Eric 95%, Michigan Southern 76, Cleveland and Pittsburg 93%.

Money was generally reported easy at seven per cent on call, and, with the indications of continued case before the market, speculation is in danger of becoming wild and extravagant. But the great evil, which overruns the Stock Exchange at the present moment is eliqueam. Stock infer stock is taken up by conditionations and run up in the most reckless manner, regardless of real values. Prudent operators are, therefore, made distrustful, and legitimate speculation is set aside to make room for the worst form of gambling, and not fair gambling either, for the cornering eliques play will loaded die. One house is reported to have settled a single "short" transaction in Prairie du Chien to-day by the payment of a hundred thousand dolfars, and there is every probability of the clique getting the whole of the common stock of the road for nothing, as the Harlem clique did in the spring of 1864. A large portion of the short interest has been covered, and shrewd judges are of opinion that not more than three thousand shares remain uncovered. But in the process of making good their contracts several brokers have been very much crippied. At the close of business 125 was bid for the stock, seller three days, showing that the clique several brokers have been very much crippied. At the close of business 125 was bid for the stock seller three days, showing that the clique and securing a high price for the stock.

The gold market opened at 147%, but gradually re

eded to 147 at the close. The bank statement shows a los: of \$1,156,253 in accele, which is the fly attrib table to with frawals for customs duties.

Foreign exchange was a shade weaker to-day. Bankers' bills at sexty days were in alow demand at 103% a 109, and 110 at short sight. Southern bankers' bills drawn against cotton were quoted at 103½, and commercial at 103 a 103½.

Petroleum atocks were generally strong and active at the first board. Fithole Creek closed \$2 20 higher than at the same time on Esturday; United States 40c., Webster 10c. At the second board Pithole Creek was very active, and experienced a further advance of 90c., closing at \$15 55; Bennehoff rose 20c., selling at \$14; United States declined 10c., closing at \$28 45; Buchanan Farm closed at \$2c., Bradley \$1 15, Excelsior 55c., First National 92c., Oil Creck \$1 50, Fee Simple 20c., Rynd Farm 90c., Tack 25c., New York and Newark 30c., Webster

A meeting of prominent members of the financial and commercial community, together with the Rev. Drs. Ward Beecher and Thompson, and Theodore Tilton, was hold to day at the Sun Insurance office, with the consent of Mr. Moses Grinnell, for the purpose of hearing Pro-visional Governor Parsons, of Alabams, on the present ondition and necessities of his State. Mr. Van byck, the Sub-Treasurer, here read a letter from McCulloch, introducing the Governor, in which he stated that Alabama wanted a loan of a million upon the security of her State bonds. Sovernor Parsons said the present debt of the State was three and a half millions. Several gentlemen, inling Mr. Van Dyck and Mr. Henry Clews, expressed opinion that Alabama, provided her Legislature enthe constitutional amendment, would have no difficulty in obtaining the desired loan, and Mr. Beecher, in the name of the North, said she should never want

some of the buildings were destroyed by the army; but the
fine old Colonial brick Dwelling, with four other brick buildings, is standing and in 200d repair, which will afford ample
accommodation for a large family. The character and feetility of the soil on this estate are not surpassed by any on
tide water. It produces fluely either wheat corn, tobecon,
grasses or vegetables. It has been, and under good mansgement will be, one of the most profitable farms on James
river. Thare is a good fashery on the place, and the marsh is
valuable for its game and for the raising of hogs.
